

Remarks

This Amendment is submitted under the provisions of 37 CFR § 1.312 in response to the Notice of Allowance dated March 05, 2009 in which claims 1,3, 4, 8-14, 17, 18, 20, and 23-28 were allowed.

This Rule 312 Amendment requests minor changes to page 12 of the Specification. Regarding line 14 of page 12, this Amendment requests that “electrical leads 204” be changed to “electrical leads 206”. Regarding line 15 of page 12, this Amendment requests that “electrical leads 206” be changed to “electrical leads 208”.

This Rule 312 Amendment further requests minor changes to claims 3, 24 and 28. Regarding claim 3, this Amendment requests that “ring” be changed to “circular”. Regarding claim 24, this Amendment requests that “the print” be changed to “a print”. Regarding claim 28, this Amendment requests that “the electric field” be changed to “the second magnitude electric field”. This was an inadvertent error in drafting the claims.

We respectfully request that the above specified changes to page 12 of the Specification, and claims 3, 24 and 28 be entered since they are minor corrections which improve the clarity of the claimed subject matter without altering the scope or direction of the claimed subject matter. Being minor in nature, the entry of this Rule 312 Amendment will not require a further search.

The changes requested by this Amendment were not requested prior to this Amendment because the Applicants did not notice the error until reviewing the allowed claims for the final time.

The Examiner is respectfully requested to call if the prosecution of the application can be expedited by so doing.

Respectfully submitted,

Date: 6/2/2009

/Sean J. Varley/
